

Dallas Dips L.H. Donuts

Sounds Going Lower on White Keys

When you play the low keys,
the sounds are lower!

←
LOW

HIGH

1. In the air with your teacher:

Pretend to dip a L.H. 3-1 donut in milk by dipping from your wrist. Say, "Dip, dip, dip, dip."

2. On the keyboard:

Start on MIDDLE C using a L.H. 3-1 donut. Play all the white keys going LOWER—to the left. Think, "Dip, dip, dip," etc. as you play.

3. Circle a donut each day you "dip your donuts" this week.
