

# Bass Clef C

1. Play the first C *below* Middle C. This is called **Bass C**.
2. On the bass staff, the **3rd space down** is Bass C. Point to the top space and count down, saying, "1-2-3. The pearl is in the C."
3. Play the piece bracing L.H. finger 3 with the thumb—like a round shell. 
4. At the end, turn your hand over and "open your shell." If you kept a good hand position, your teacher will lift out a pretend pearl.
